

"Children grow
when planted
with seeds
of knowledge"

Jeet's believes that each child has the right to positive experiences throughout their childhood. Our center aim is to provide a safe, nurturing and educational environment with supportive services according to the needs of the children in our care.

Each child is cared for as an individual, and programs are planned to facilitate the social, emotional, physical and intellectual development of each child taking into consideration cultural diversity.

Jeet's Little Learners

BEDOK

Learning through play as active participants

Learning through play is a key component in the Jeet's Curriculum as we strongly believe that children should be active participants in their learning journeys.

Our Curriculum knits mini projects, manipulatives, small /large group activities that cultivates their learning.

Children learn with ease through sensorial group experiences as it encourages interactions and sharing of knowledge between teachers and friends.
